

BALLISTI MAX RETROKIT FOR CLASSROOM DOOR WINDOWS

WE ENABLE YOU

With the BallistiMAX RetroKIT for Classroom Door Windows, YOU now have the ability to protect your classrooms against AR-15 & AK-47 rifle fire. We have kits for windows of all shapes and sizes. Installation is easy: remove the screws holding the current glass frame, remove the old frame and glass, insert the RetroKIT into the window opening, then secure the RetroKIT's four bolts. That's it!
